

Foundation Critical: “The Great Deluge” – Genesis 7:1-24

Maywood Community Church – Pastor Alan J. Hodak – January 5, 2025

“In chapter 7, we continue to see God’s remarkable grace which found Noah! Noah found grace in the supernatural ability God gave him in the success of building the great vessel; God protected his family in the final year of preparation; God also enveloped Noah, his family, and all the creatures on the ark with protection, sealing the ark for 371 days from the deluge. And Noah also found grace in the receding of the waters which would allow every occupant of the ark to begin anew and replenish the earth with its own kind. That, my friends, is some serious grace!”
